

This term our topic is

# Jubilee and Let's Go to China

## Literacy

We will be exploring the following text types:

Writing reports and letters based on the Jubilee

Text: Sail and the World  
The Tear Thief

## Maths

This term our areas of learning: Fractions, time, measurement. We will continue to work on our number bonds and multiplication.

## Science

Everyday Materials is our topic this term. We are learning about different materials and the objects they are used to make. We will also be comparing different materials and their uses.

## Art/Design and Technology

We are leaning to create portraits and using different materials, our focus artist is Picasso. We will then be moving on to fabric faces.

## ICT

We are developing our use of the paint program, recalling copyright and then we are going to learn to program using scratch.

## Religious Education

We are learning about Belonging - what this means to the children, and to Christian and Jewish people in their faiths.

## Physical Education

We are developing our balls skills and then athletic events finishing with Sports Day.

## PSHE

Our topic is Living in the Wider World -Diverse Britain and then Money Matters.

## History/Geography

We are taking the opportunity to celebrate the Jubilee and changes that have happened over the decades and comparing to different Queens. Geography - looking at the wider world and making comparisons.

## Music

For the Jubilee we will be learning songs from different decades.

This will be followed by Friendship Song with a recap of our skills we have developed.

## Experiences

Jubilee

Trip to be organised more information at a later date.
