

## Our Curriculum Intent for all our pupils

A Clyst Hydon Primary School pupil will leave our school:

- **Curious** about all aspects of the world they live in, confident about asking and answering questions across all areas of the curriculum.
- **Confident and Courageous** in their learning, because they have covered the curriculum thoroughly and have been allowed regular opportunities to retrieve that learning. They are prepared to tackle things they haven't encountered before, and they have the perseverance to keep going even when learning is more challenging.
- Able to **communicate** their thoughts and ideas both verbally and in written form using a wide-ranging and aspirational language in all areas of the curriculum.
- Able to express themselves **creatively** having had a range of positive experiences that have allowed them to explore the creative side of their being through art, music, dance, drama and literature.
- **Connected** fully to the communities in which they live: the local community who will have enhanced their learning through joint experiences; the natural world within which the school is situated which they have discovered and cherished through our weekly discovery walks; the global community which they will understand their place in, and will show **compassion** and curiosity about.
